# Bright, Modern Wood Slab Doors

---

The Ashland Door by Kokeena x Brave Element bring a unique warmth and style to your modern design. Crafted from solid hickory, with meticulous care. Given its handmade and hand-finished nature, variations and imperfections are to be expected and celebrated. The wire-brushed uniquely organic, dark brown glaze, and satin finish create a luxurious feel.

Ashland doors blend cozy cabin vibes with a clean, contemporary aesthetic.

Perfect for floating bath vanities, kitchen cabinetry, custom bookcases, and more

# The Ashland

# The Ashland

This is a single-piece, slab-style door that is made of solid Hickory.

Adhesives & Glues	Low- or no-VOC
Overall Thickness	3/4"
Max Door Height	60"
Boring	Bored for IKEA SEKTION Other Systems on Special Request
Custom Sizes Available?	Yes, consultation required

## Door & Drawer Construction

Solid Hickory doors and drawers.

## Grain Direction & Matching

Random grain matching only.

## End Panels

3/4" NAUF high-density recycled wood substrate, veneered both sides and edge-banded. Thicker panels available on request.

## Filler & Toe Kick

Filler / trim strips are veneered both sides and edge-banded; finished all sides. Toe kick is veneered on two sides, finished one side.

## Additional Structural Support

Two horizontal stabilizers on the back of the door to prevent twisting/warping due to solid material.

## Finish

Wire brushed distress with a brown glaze. Water-based conversion varnish; sprayed. Low sheen (20%); similar to off-the-shelf "satin."

## Sizes

All door / front sizes, and a standard set of end panels and trim are available and priced for the SEKTION system. Doors and drawer fronts come pre-bored and ready to install on the hinges and drawers that come with IKEA's cabinets.

Custom sizes, including for other IKEA systems, available on request.

## Warranty

2 year standard warranty. See full warranty details at [kokeena.com/standard-warranty](https://kokeena.com/standard-warranty).
